

SPECIFIC NOTICE REGARDING COVID-19 TO VOLUNTEERS

The novel coronavirus known as COVID-19 is a great concern for us all. In particular, the Centers for Disease Control and Prevention (CDC) states that based on currently available information and clinical expertise, older adults and people of any age who have serious underlying medical conditions might be at higher risk for severe illness from COVID-19. More information about who may be at higher risk may be found at <https://www.cdc.gov/coronavirus/2019-ncov/need-extra-precautions/people-at-higher-risk.html>. If you have any questions about whether you should participate in the Tournament, please contact an appropriate health care provider.

While the Tournament has undertaken a number of measures to help mitigate the risk transmission of COVID-19 and other contagious illnesses, elimination of risk of exposure and infection to COVID-19 is not currently possible. Therefore, we understand if you cannot or do not wish to participate this year and hope that we can count on your participation in the future should circumstances change. Whether you are able to join us again this year or in the future, we appreciate you being part of the PGA TOUR volunteer family.
